The following is a compilation of all my collections produced as an intern with the Digital Theological Library.

First comes my collection "DTL OA UC Santa Cruz Dissertations in Religious Studies". After that is my collection "DTL OA UC Merced Dissertations in Religious Studies", followed by my Spanish-language collection "DTL OA Universidad Complutense de Madrid Dissertations in Religious Studies". Each of these are the complete collections of their universities, to date.

Finally is my training collection, "Lily's Training", where I borrowed five titles from my UCM collection using a .KBART sheet in order to demonstrate my proficiency with the technology.

Thank you for reading.
